

Table 1: Classification of RILs into pigeonpea SMD infection response groups

<b>Disease incidence (%)</b>	<b>Response</b>	<b>Mean % disease incidence</b>	<b>Number of RILs</b>	<b>% RILs</b>
0-10	Resistant	8	1 (0.00%) 17 (8 %) 62 (0.00%) 79 (0.00%)	4.76
10.1-30	Moderately resistant	19	20 (15%) 63 (17%) 81 (25%)	3.57
30.1-100	Susceptible	84.62	(>30.1%)	91.67

Note: Figures in the parenthesis indicate % SMD incidence of the RILs
